ABOUT ME

Although I am just 23 years of age, I've had a multitude of experiences, getting my first freelance design job at the age of 17. I continued freelancing throughout college, and doing so enhanced my education and allowed me to grow immensely.

My life is design and illustration, I love it and I surround myself with it every day.

I AM:

Passionate: I absolutely love what I do

Hungry: I want to learn

Methodical: I am process-oriented and I think critically

Focused: I have the right attitude

Flexible: I work really well with people and I live by deadlines
